we make you
SLEEP WELL

Bedding is one of the most important and intimate details of our sleep. It is used in the creation of our desired environment for the best rest. Bedding makes a great influence on the quality of our sleep. Greater success accompanies those, who sleep well. In order to ensure the durability of such success in your life, we offer a wide choice of products created for good sleep.

MATRESS PAD

MATRATZENSCHONER

material	cotton, polyester
Material	Baumwolle, Polyester
Größe / size	90 x 200, 120 x 200 cm
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

Uniqueness

Composition of the product is made of the most natural fibers used in the textiles - raw cotton material. Visible small dark particles indicate that no bleachers were used in cotton processing. 70% of natural cotton mixed with HSC polyester fiber provides stability and simplifies its maintenance. The pad is easy to keep the shape, dry fast and possesses rub-resistant features. Filling weight – 450 gsm.

ANTI BED BUGS quilt / pillow

INSEKTENSCHUTZ Decke / Kopfkissen

material	polyester, microfiber
Material	Polyester, Mikrofaser
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

SANTEOL / Complete protection against insects

This SANTEOL anti bed bugs bedding is made of soft bleached brushed calendered (BBC) Microfiber, treated with SANTEOL anti bed bugs protection. Based on Eucalyptus Citriodora Oil, SANTEOL is a unique, effective technology in the fight against insects.

Siliconized polyester hollow fiber (HCS) is used for the filling of the blanket, which makes it softer and pleasing to touch.

SYNTHETIC DOWN quilt / pillow

SYNTHETISCHE DAUNEN Decke / Kopfkissen

material	cotton, microfiber
Material	Baumwolle, Mikrofaser
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

Breathable - Ventilates, allowing the skin to breathe.

Low maintenance & hygienic protection

Percal bedding is easy to maintain, it can be washed with a regular washing machine at the 60 degrees of Celsius temperature. Such temperature is sufficient to destroy various types of bacteria and dust mites, thus creating a safe and clean environment for sleep.

GREENFIRST quilt / pillow

ANTI HAUSSTAUBMILBEN & Decke / Kopfkissen

material	cotton, polyester
Material	Baumwolle, Polyester
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

Innovative technology

Exclusive quality that will make you rest clean and healthy, with **Greenfirst®** treated products. Features all natural anti-dust mite and bacterial repellent protection.

Eco friendly - contributes to green living and practices, which helps to conserve natural resources.

Breathable - has good ventilation and reduced moisture absorption, resulting in enhanced breathability while maintaining the good hand feel.

SLEEP WELL

CARBON quilt / pillow

KARBON Decke / Kopfkissen

material polyester, carbon

Material Polyester, Karbon

Größe / size various

Artikel / code ML-8000000

VE / PU 12/144

Farbe / colour white

Carbonized fiber absorbs much CO² which is released by skin and takes up perspiration. It makes you feel extremely comfortable. Carbon Quilt & Pillow is suitable for people with increased physical and mental activity and for people who are under constant pressure and stress.

Breathable - ventilates, allowing the skin to breathe.

Low maintenance & hygienic protection - carbon bedding is easy to maintain, it can be washed with a regular washing machine at 60 degree.

SANITIZED® quilt / pillow

KEIMFREI Decke / Kopfkissen

material	Sanitized®, polyester
Material	Sanitized®, Polyester
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

Hygienic protection for healthy sleep

This antibacterial bedding is made of soft and tender Microfiber fabric treated with Sanitized® protection. 4 Den filling is used for the filling of the quilt, which makes it softer and pleasant to touch.

Sanitized® is a certified antimicrobial material treatment to avoid bad odor caused by bacteria or mildew in moist or sweaty environments. Sanitized® innovative Swiss technology durably protects mattresses, pillows, duvets and bed linens.

ALOE VERA quilt / pillow

ANTIBACKTERIELL Decke / Kopfkissen

- material** Aloe Vera, polyester
- Material** Aloe Vera, Polyester
- Größe / size** various
- Artikel / code** ML-8000000
- VE / PU** 12/144
- Farbe / colour** white

Filling - 4 Den filling makes the quilt softer and nicer for touch.

Breathable - ventilates, allowing the skin to breathe.

Low maintenance & hygienic protection

Aloe Vera bedding is easy to maintain, it can be washed with a regular washing machine at the 60o degrees of Celsius temperature. Such temperature is sufficient to destroy various types of bacteria and dust mites, thus creating a safe and clean environment for sleep.

TENCEL[®] quilt / pillow

INSEKTENSCHUTZ Decke / Kopfkissen

- material** lyocell, Tencel[®] polyester
- Material** Polyester, Mikrofaser
- Größe / size** various
- Artikel / code** ML-8000000
- VE / PU** 12/144
- Farbe / colour** white

Eco-friendly - the fabric of the blanket is made of fibre TENCEL[®] of plant origin, which is extracted from natural wood cellulose. Contributes to green living and practices, which help to conserve natural resources. **Hygienic** - TENCEL[®] absorbs and releases perspiration quickly and guarantees dry and hygienic climate, in such way increasing sleeping comfort. **Breathable** - Ventilates, allowing the skin to breathe. **Quilting** - Quilted using one-needle machine. **Smooth softness** - has a smooth surface and appreciable softness, which prevents irritations to the skin.

FIRE RETARDANT quilt / pillow

FEUERFESTE Decke / Kopfkissen

- material** Trevira CS, polyester
- Material** Trevira CS Polyester
- Größe / size** various
- Artikel / code** ML-8000000
- VE / PU** 12/144
- Farbe / colour** white

Long time security - Items with Trevira CS filling are permanently flame retardant and offer a long time security. This advantage results from the chemical structure of polyester fiber in the shape of comonomer – a phosphor-organic compound, where the flame retardant properties are firmly anchored in the fiber. It is not possible for external influences to affect them. **Easy Care** - Unlike other materials, they need substantially less water and energy for the drying process.

Passes requirements for EN ISO 12952-2 (flame)

TOPCOOL® quilt / pillow

INSEKTENSCHUTZ Decke / Kopfkissen

material	polyester, Topcool®
Material	Polyester, Topcool®
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

TopCool® bedding will guarantee removal of moisture from the body, high breathability fabric g comfort and your skin will always stay dry and comfortable even with increased sweating during sleep. Top-Cool® finishing are designed to increase aporation and drying properties of fabrics, fabric is fast drying. **Breathable** - The fabric is soft, breathable and quickly absorbs moisture from the skin outwards. **Filling** - 4 Den filling makes the quilt softer and nicer for touch. www.comatex.cz/en/fabrics/topcool-highfunktional-fabric/

SEERSUCKER quilt / pillow

SEERSUCKER Decke / Kopfkissen

material	polyesterber
Material	Polyester
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

Seersucker - Soft, light and nice to touch. The embossed texture of the Seersucker fabric gives the sense of luxury and exclusivity to this blanket. Such texture helps to create an area between skin and the fabric what helps to improve heat dissipation and promote air circulation.

Seersucker Standard / Duo quilt - Is especially warm. This quilt is made of two blankets connected with each other. The air gap between the blankets fills with warm air, thus creating a warm and comfortable sleeping environment.

3M
Thinsulate
INSULATION

Quilt corner

Pillow corner

3M™ THINSULATE™ SATIN quilt / pillow

INSEKTENSCHUTZ Decke / Kopfkissen

material Satin, Cotton, 3M™ Thinsulate™, polyester

Material Satin, Baumwolle, 3M™ Thinsulate™, Polyester

Größe / size various

Artikel / code ML-8000000

VE / PU 12/144

Farbe / colour white

For a premium bedding Luxurious appearance - Has a shiny, lustrous surface that gives a rich look. It is an easy and economical way to maximise your room's peaceful atmosphere and comfort potential. **Lightweight** - The 3M™ Thinsulate™ fill is as lightweight as natural downs and provides extreme warmth. The unique microfibers makeup **3M™ Thinsulate™** insulation work by trapping air molecules between you and the outside. The more air material traps in a given space, the better it insulates you from the cold outside air. Fibres in 3M™ Thinsulate™ insulation are finer than the fibres used in the most other synthetic or natural insulation.

ANTIBACTERIAL COTTON quilt / pillow

ANTIBAKTERIELLE BAUMWOLLE Decke / Kopfkissen

material	cotton, polyester
Material	Baumwolle, Polyester
Größe / size	various
Artikel / code	ML-8000000
VE / PU	12/144
Farbe / colour	<input type="checkbox"/> white

Antibacterial quilt and pillow benefits:

This antibacterial bedding is made of the high quality sanforized cotton. The fibre with AEGIS® Microbe Shield™ antibacterial treatment is used for the filling of the quilt. This finishing protects from odour-causing bacteria, mould, mildew, and fungus for the life of the product.

AEGIS® Benefits: **complete anti-microbial protection, keeps fabrics fresher longer, durable and non-absorbent, safe and environmentally friendly,**

HOTEL***** quilt / pillow

HOTEL***** Decke / Kopfkissen

material cotton, polyester

Material Baumwolle, Polyester

Größe / size various

Artikel / code ML-8000000

VE / PU 12/144

Farbe / colour white

Extremely comfortable and hygienic bedding

These durable, boilable products: pillows and duvet that can be washed, tumble dried, or autoclaved without going lumpy or losing their shape. **Filling:** 4 Den filling makes the quilt softer and nicer for touch. **Low maintenance:** Easy to care at 95o degrees washing temperature.
