

THE ONE WITH THE LION

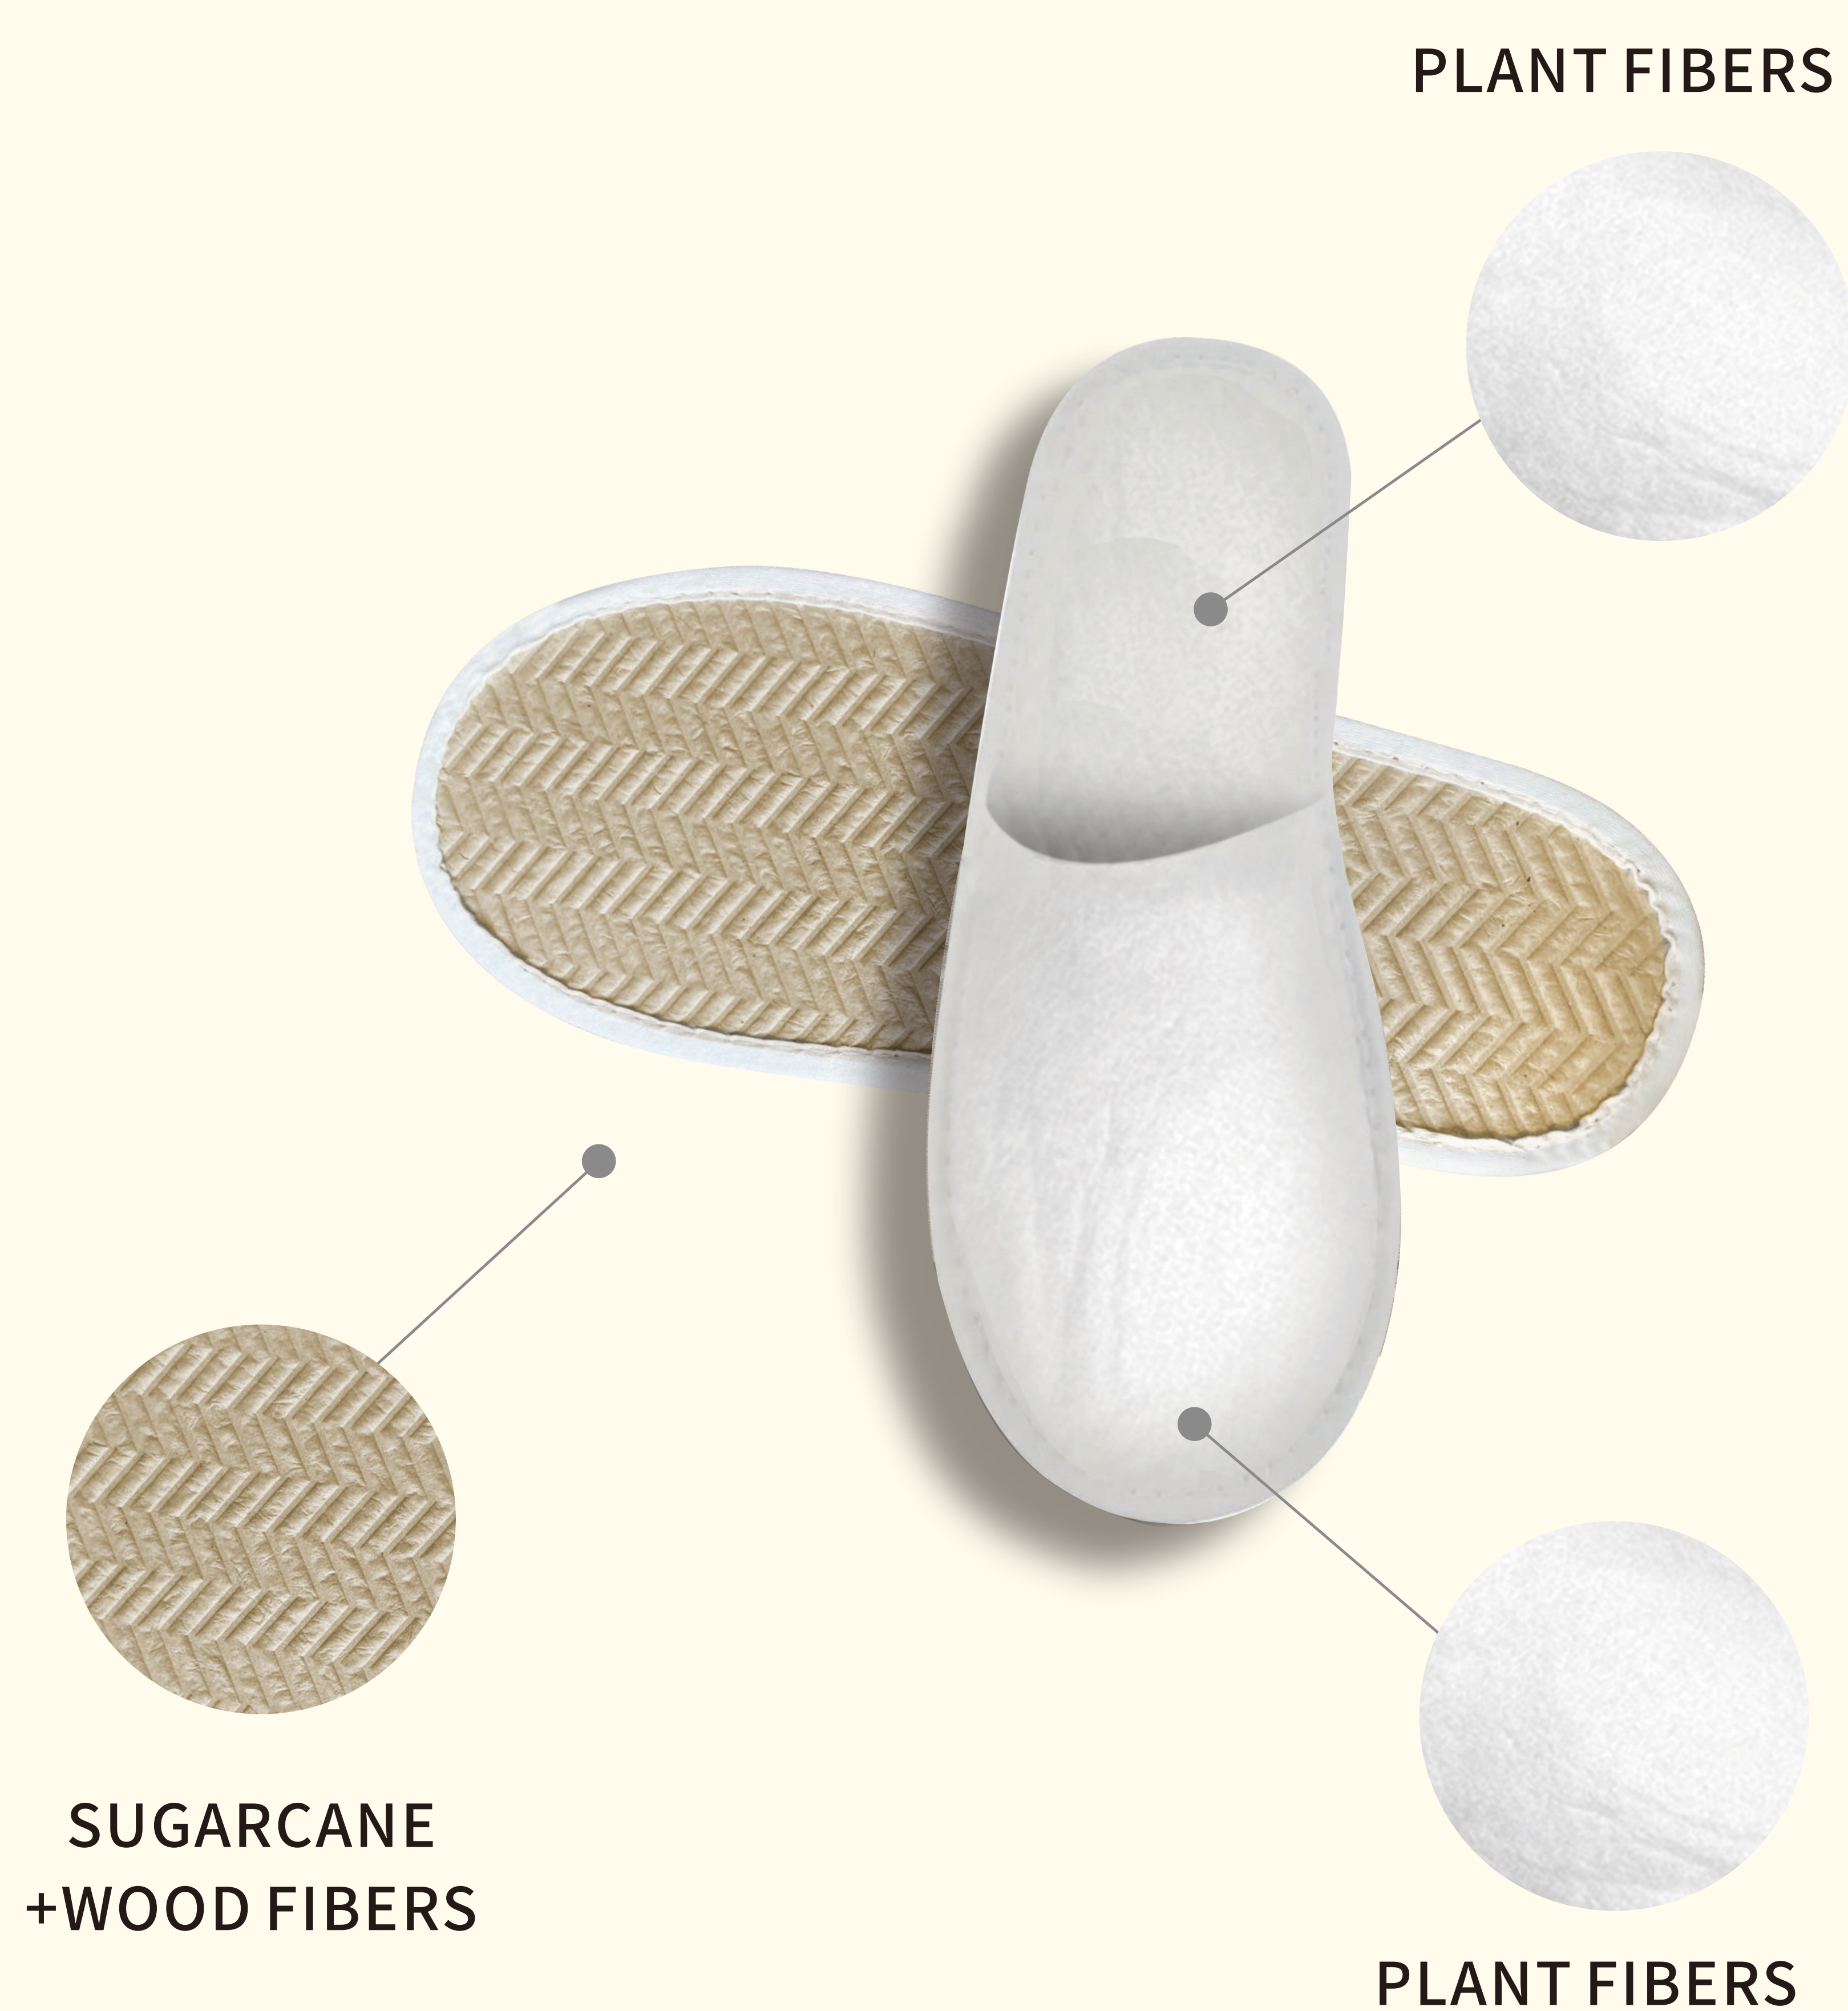

whole plant fiber slippers +100% biodegradable

Innovation & Environment

Eco friendly plant fibers slipper

Our revolutionary zero plastic single-use slippers are pioneers against the single-use EVA sole slippers, all plant fibers for the sole & upper and instep, and easy to compost. Together, we can have a stronger impact on the road to a zero plastic future.

100% BIODEGRADABLE SLIPPERS

The fully compostable slipper is made with plant fibers and sugarcane, and wood fibers, and natural paper, and printed with soy-based ink.

WATERPROOF COMPOSTABLE SOLE FORMULA

The sole is with natural formula, made of sugarcane and wood fibers. It could be compostable. Also the waterproof effect of the sole is excellent.

ANTI-SLIP PATTERN DESIGN

The sole is with deep pattern design. It could be anti-slip well. It is very friendly for the aged and children.
