Ruby Red	Deep Orange	Matt Yellow	Cobolt Blue	Matt Green Grey	Corten
					
Terracotta	Matt Black	Matt Blue	Cadet Blue	Matt Sand	Matt White

Insect-friendly

Candle White & Warm White Light

Warm white LEDs in particular contain a lot of long-wave red light, which is essentially unable to act as a guide for insects. Therefore, we choose 2200K & 2700K colour temperature for our lamps, which does not attract mosquitoes easily.

Waterproof IP65 & IP54

With its high waterproof rating, our lamps can handle it all, whether indoors or outdoors, wet or dry. Creating a warm, romantic atmosphere is a way of life.
